PROFILE

Excellent data analysis, modeling, and forecasting skills. Trained in business analysis and proficient with creating dashboards using power BI. Dynamic individual with hands-on experience and talent for navigating challenges. Brings strong problem-solving skills and proactive approach to new tasks. Known for adaptability, creativity, and results-oriented mindset. Committed to making meaningful contributions and advancing organizational goals

WORK EXPERIENCE

Dec 2024 - Present

SNR Edatas pvt ltd , Hyderabad

Business Analyst Intern

- Used both qualitative and quantitative analysis techniques frequently.
- Designed Excel spreadsheet to estimate costs of future custom projects for clients.
- Identified errors and performed root cause analysis to determine core issues.
- Provided business analysis in support of bio-catalyst product management.

PROJECTS

Virtual Canvas Using Computer Vision

- Developed a computer vision-based application capable of recognizing objects and faces in Images, detecting and labeling items within pictures or videos, and analyzing video streams to track movements in real-time. Leveraged advanced image processing techniques to interpret and understand visual data, with the ability to display words or shapes drawn on a virtual canvas in a new terminal Interface.
